

DRAFT – Jan 2010

National Championships 2010 – Criteria for selection to represent Judo Western Australia

Selection to compete at the National Championships in Brisbane (12th and 13th June) will be based on the following criteria:-

- Athletes **must** compete in the State Titles (20th March 2010) **plus** a minimum of 1 of the following competitions (recommended to compete in all:
 - Fremantle Open (7th March 2010)
 - Kano Open (15th May 2010)
- Athletes must be a current financial member of a JudoWA affiliated club.
- Athletes must meet the eligibility requirements of the National Championships in relation to grade, age, nationality/ residence etc.
- Attend a minimum of 5 of the 7 scheduled state training sessions.
- Maintain an adequate level of fitness (includes being free of injury which would prevent performance)
- Sign/accept the Athlete's Agreement form and complete all other related documentation as requested by the coach/manager.

Note: winning the state titles does not automatically qualify an athlete to compete in the National Championships. Overall performance in the competitions listed above, performance throughout the previous year at state and national level, commitment to training and potential to be competitive at National level will be considered. Final selections will be made by the coaching commission in conjunction with the relevant club coaches at the conclusion of the State Titles on March 20th 2010. Note that one of the qualifying competitions is after this date (Kano Open 15th May), and athletes may be provisionally selected for Nationals pending participation in this competition.

Exemptions to the above criteria will only be made in exceptional circumstances. In this case, selections will be based on previous performance and the athlete's potential to compete well at the National Championships. Requests for exemptions to the above criteria should be made in writing (to f.iredale@ecu.edu.au) and be supported with documentary evidence (e.g. med cert for illness/injury etc).

Date	Comments	Event
